Skellig - Scholastic Kids' Club

This book is really spooky and interesting. Michael has

just moved into a new house which is disgusting and looks like it is about to fall down. Michael and his friend Mina find a strange angelic creature in Michael's garage. When they take the creature out of the garage it changes Michael's life for ever.

This book has wonderful imagery, but what enjoyed was the layout of the story and the layers. A young boy's baby sister could be dying, the family moves into a new home where the boy and his new friend discover love and compassion and the power of believing in something.

Skellig is described as having features of many beings so what he is is unclear but what is clear is the fact Skellig brings significance to the life of Michael and Mina. In the end, I would say this book is about kindness and the act of kindness not for gain but because it is the right thing.

Was looking forward to Rush's story so disappointed. This book is not about Rush and did not do justice to the Chaos series. Diesel, Maddox and Sixx (from the Honey Series m/m/f, m/m) did not belong in "Chaos".

**Skellig: 9783125781887: Books - Amazon.ca**

Skellig was a very different character and the reader never really does learn what or who he is. It is like real life in that way, mysteries are not always solved and life is colored in shades of gray. This is a great book for discussion with children or something that adults will enjoy reading on their own and thinking about.
