People' Factor Affects Milk Quality Research numbers showing how the people factor affects milk quality Lots of research has been dedicated to examining management practices used on dairy farms and their impact on milk quality.

The New C Standard - Coding Guidelines
The prime motivating factor for these coding guidelines subsections is money (other coding guideline documents often use technical considerations to label particular coding constructs or practices as good or bad). The specific monetary aspect of software of interest to me is reducing the cost of source code ownership. Given that most of this cost is the salary of the people employed to work
